Court fees

What is a court fee and why am I being charged it? Court fees are a type of access fee charged by some but not all courts to access their public records. These fees are decided by state and local governments and are charged to any and every one accessing public criminal and civil records. Since most court jurisdictions do not have court fees, the cost of these fees must be passed on to the customer to ensure the low cost of all other jurisdictions. Below is a list of all court fees as of 05/25/2014.

County	Report Type	Price
Arkansas		
	Statewide Criminal	$22.00
California
